

Volante VAT Change – Menu Setup Stage 3

To be completed on the 15th July 2020 prior to any transactions being processed for any site using HotSoft PMS & Volante EPOS

1. In Volante BackOffice select 'Menu Setup' from the Main menu.
2. Select the first 'Non Alcoholic' menu item from the list & select 'Edit'
3. Under the tab called 'Menu Item Tag Links' untick HS_01Drink & tick HS_07Non Alcoholic Drink & then click 'Save'. (This may have a different HS_ number on your system.)

4. Do this for all Non Alcoholic Beverages such as Soft Drinks, Non Alcoholic Beers, Non Alcoholic Cocktails & Non Alcoholic Wines etc.
5. Exit to the main menu in Volante BackOffice
6. Select 'Data Synch'

7. Select 'Send Updates to Terminals' & choose 'Menu Setup' & click OK

Terminal Synch Status ✕

Synch Point Command Center (Status: Connected)

Setup Info

Select Synch Point: **PS-VOL-BUILD**
